TerraDiesel 4000 Service Machine - Part # 500-4006T

### Features and Benefits

- Decarbonizes the entire fuel system, including the O2 Sensor and the catalytic converter
- Restores fuel efficiency
- Maximizes vehicle performance
- Extend Fuel Injector and Fuel Pump Life

### Why use the TerraDiesel Decarbonizer?

The TerraDiesel System Decarbonizer's revolutionary technology goes beyond that of "traditional decarbonizers" by removing carbon deposits from the entire fuel system, including catalytic converters and O2 Sensors. Where other systems use harsh additives, TerraDiesel decarbonizes the entire fuel system using technologically advanced chemistry that is safe for the technicians, the vehicle components and the environment. As well, unlike solvent or detergent based cleaners which can increase emissions during and after service, virtually no noxious emissions are emitted during a TerraDiesel service. Used in conjunction with the [TerraDiesel Engine Tune— Part# 201215](#)

TerraDiesel EGR Cleaning Tool - Part # 201170

### Features and Benefits

- Thoroughly cleans the EGR Circuit removing stubborn carbon deposits, eliminating the need for teardown and part replacement
- Eliminates issues caused by biodiesel and water in fuel
- An easy to perform procedure with noticeable results
- A wide variety of adaptor available to suit the needs of today's Diesel Specialist

### Product Description

EGR systems can become clogged with carbon deposits that effect fuel economy and performance of a diesel vehicle.

The TerraDiesel EGR leaning Tool applies a powerful cleaner, TerraDiesel EGR and Induction System Cleaner, into the circuit. For most applications the exhaust side is serviced, then the intake side. This cleaner rapidly dissolves the deposits, eliminating the issues commonly associated with the plugged EGRs.

TerraDiesel Engine Tune - Part # 201215

This is an ideal kit for those that want to offer a premium 2-part decarbonizing service. It combines the cleaning power of Fuel injector Cleaner and Fuel & Post Combustion Cleaner. When used with the TerraClean Decarbonizing Machine 201160, TerraClean Fuel System Cleaner clean injectors, intake valves and the continues the cleaning process, Chemically binding to and combusting carbon deposits, revitalizing the fuel system while also cleaning Oxygen sensors and the catalytic converter.

### Features and Benefits

- Concentrated fuel detergent is specially formulated to clean high pressure common rail, pump and injectors.
- Removes excess carbon, varnish and improves emissions.
- For use with TerraDiesel™ 500-4006T Machine (Mix 1 part detergent with 1 part diesel fuel)

TerraDiesel EGR System Cleaner - Part # 201280

The EGR system of a diesel engine often accumulates carbon deposits. These deposits can negatively affect the performance of an engine. TerraDiesel EGR and Induction System Cleaner removes these deposits, restoring the fuel economy and performance of an engine. It is applied to the EGR using a TerraDiesel EGR Cleaning Tool and adaptor as part an Diesel EGR Services.

### Features and Benefits

- Removes Carbon Deposits from EGR and Induction Systems Reduces Regeneration Cycles Lower Emissions and Smooths rough idle improves Performance and Fuel Economy

Minor Diesel Service Kit - Part # 201265

The Minor Diesel Fuel Kit combines Multi-Function Fuel Treatment and Fuel Injector Cleaner. TerraDiesel Fuel Injector Cleaner improves engine performance in as little as 2 hours. It will remove gums, varnishes and carbon deposits from fuel system component including injectors, pump, turbochargers and EGR valves. It will significantly lower emissions and improve performance in as little as 2 hours of operation.

Multi-Function Fuel Treatment will disperse water from fuel to eliminate bacteria and prevent corrosion. It increases fuel atomization to improve fuel economy and lower emission.

#### Features and Benefits

- Combines TerraClean Multi-function Fuel Treatment and TerraDiesel Fuel Injector Cleaner
- Performs a rapid clean up of diesel and biodiesel fuelled engines.
- Removes gums, varnishes and carbon deposits from fuel system components.
- Disperses water without the use of harmful alcohols.
- Raises cetane, inhibits corrosion and eliminates the growth of bacteria in diesel fuels
- Prevents fuel gelling in cold weather climates.

TerraDiesel Fuel Treatment - Part # 201245

TerraDiesel Fuel Treatment is an effective method of maintaining diesel performance. Not only does it eliminate water without the use of alcohols, it also improves combustion for better fuel economy. Lower emission and increased power. One 8oz bottle treats 250 Gallons.

#### Features and Benefits

- Disperses its own volume in water
- Works great in storage tanks
- Acts as an effective stability agent by reducing oxidation and preventing breakdown through reactions with water.

TerraDiesel Multi-Function Fuel treatment - Part # 201250

TerraDiesel Multi-Function Fuel Treatment Will improve the performance of diesel engines. By dispersing water from diesel fuel, it eliminates bacteria and prevents corrosion. Because it improves atomization, TerraDiesel Multi-Function Fuel Treatment improves fuel economy and lower emissions. It removes existing gum, varnish and carbon deposits in the fuel system and helps keep particulate trap clean.

#### Features and Benefits

- The ultimate all-season Multi-Function Treatment for high, Low, Ultra Low Sulfur and biodiesel Blends
- Disperses water without the use of harmful alcohols
- Raises cetane, inhibits corrosion and eliminates the growth of bacteria in diesel fuel

TerraDiesel Fuel Injector Cleaner- Part # 20255

TerraDiesel Fuel Injector Cleaner significantly lowers emissions and improves performance in as little as two hours of normal operation. Simply add to diesel fuel to treat and add once a month to continue to operate at peak performance

#### Features and Benefits

- TerraDiesel Fuel Injector Cleaner is designed to be rapid clean up product for diesel and biodiesel fuelled engines
- Removes gums, varnishes and carbon deposits from fuel system components
- Exceeds the requirements of the Cummins L-10 Superior injector Deposit Control Test

TerraDiesel Complete Diesel Preventive Maintenance Kit - Part # 201295

#### Features and Benefits

- 1 of 201250 TerraDiesel™ Multifunction Fuel Treatment
- 1 of 201255 TerraDiesel™ Fuel Injector Cleaner
- 1 of 201280 TerraDiesel™ EGR System Cleaner
